# **Nomad**

We took our time to save you yours.  
The rechargeable LED Nomad quickly  
deploys even in the worst terrains  
imaginable.

## Area-Spot Lighting

Attach diffuser lens for area lighting (120° beam).  
Detach lens for focused spotlight (8° beam).

## Up to 3,600 Lumen

Uses the latest CREE LED technology and is as bright as a car's headlights. See over 1 mile (1.6 km) away.

3 Intensities: 1200 lumen (Low)  
2400 lumen (Medium)  
3600 lumen (High)

## Take it Anywhere

At 17 lbs and 33" long, the Nomad is light enough to transport anywhere. Shoulder strap permits hands-free transport.

**FOX FURY**  
LIGHTING SOLUTIONS

## Rechargeable Li-ion Battery

Battery life is an impressive 2.5 to 9 hours per charge. Battery will last 500 charge cycles. User replacement batteries available.

## Battery Level Indicator

Know how much battery life is left.

Green: fully charged  
Orange: 2/3 charged  
Red: 1/3 charged

## Charge It or Drive It

Plug to AC or a DC cigarette lighter (car battery). Battery charges in the Off mode.

## Get it Up (and Down) Quickly

20 seconds and you're done.

## Weight it Down

Anchor down chain with D-ring (bottom) can be clipped to sand bag (or other objects) to combat wind.

## Bazooka and Backpack Light

Throw it over your shoulder or strap it on to help light your way. Comes in handy seeing where you need to go.

LIGHTING SOLUTIONS

## Leveling Legs

These little guys are a big help on hilly or uneven terrain. Deploys in seconds if needed. Also known as Rocky Mountain Legs.

## Bubble Level Indicator

Adjust legs until desired level is reached.

## Lens Cover

Enables quick deployment. Keeps light head protected while in transit.

# Deploy Legs

Move locking cap upward to expose legs

Pull leg outward from base

Snap each leg in place

# Deploy Light

Move locking cap downward to expose light

Pull light up

Set to desired height (8 ft | 2.4 m maximum)

Head rotates 340° and adjusts up and down

Locate the Switch Cover (at base) and flip open

Activate and change modes here

# Dual Action Area and Spot Light

Diffuser Lens:

- Attach to convert to 120° Area Light
- Detach to convert to 8° Spotlight
